Thermal liquid boilers		X			X	X		X	X	X	X	X	X	X		
Steam generators	X	X	X	X			X	X				X				
Refrigerating apparatus									X			X			X	X

* Applicable to high-temperature and high-pressure hot-water boilers.

** In the case of burners in continuous operation, gas pilot flames for oil burners, minimum flow controls for gas or oil burners and release devices for gas low-pressure may replace flame detectors.
