13.1.0.1. A wildlife protection officer or wildlife protection assistant may, by a request sent by registered mail or personal service, require a person to file by registered mail or personal service, within a reasonable time specified by the officer or assistant, any information or document relating to the application of this Act or the regulations.

13.1.1. A wildlife protection officer may issue a notice requiring the owner of a firearm that is not registered in accordance with the Firearms Registration Act (chapter I-0.01) to apply for its registration.

A firearm owner who refuses or neglects to apply for registration of the firearm and provide proof of having done so to a wildlife protection officer within 14 days after receiving such a notice is guilty of an offence and is liable to the fine set out in section 16 of the Firearms Registration Act.

2019, c. 19, s. 9.

13.2. An area warden may require any person to produce for inspection any document, other than a hunting or trapping licence, required under this Act or the regulations or under any other Act or regulations he has the duty to enforce.

Every person to whom the first paragraph applies must comply forthwith with any requirement thereunder.

1996, c. 62, s. 9.

14. A wildlife protection officer who exercises his duties in an unorganized territory may enter a place, other than a permanent residence, to identify any person present on the premises where he has reasonable grounds to believe that the person has committed an offence under this Act or the regulations under it or under any other Act or regulation he has the duty to enforce.

The wildlife protection officer may arrest the person without a warrant, in accordance with articles 72, 73 and 74 of the Code of Penal Procedure (chapter C-25.1).

15. A wildlife protection officer who exercises his duties in an unorganized territory may make a search without a warrant or telewarrant in a dwelling, where the time necessary to obtain a warrant or a telewarrant may result in danger to human health or to the safety of persons or property or in the disappearance, destruction or loss of the animate or inanimate thing searched for.

1983, c. 39, s. 15; 1984, c. 47, s. 39; 1986, c. 95, s. 111; 1988, c. 39, s. 1; 1990, c. 4, s. 332; 1996, c. 62, s. 10; 2000, c. 48, s. 36; 2009, c. 49, s. 43.

1986, c. 95, s. 112; 1990, c. 4, s. 333; 1996, c. 2, s. 598; 1999, c. 43, s. 13; 2001, c. 61, s. 17; 2003, c. 19, s. 250; 2005, c. 28, s. 196; 2009, c. 26, s. 109; 2013, c. 19, s. 54.

16. A wildlife protection officer or a wildlife protection assistant may seize any animal, fish, invertebrate, wildlife by-product or pelt, or any specimen of a threatened or vulnerable plant species referred to in section 13.1, or any of its parts, in respect of which he has reasonable and probable cause to believe that an offence against this Act or the regulations under it or against any other Act or regulation assigned to his administration has been committed, or which has been used to commit such an offence.

A wildlife protection officer may also seize any vehicle, aircraft, boat, dog or object where he has reasonable and probable cause to believe that it has been used to commit an offence against this Act or the regulations under it or any other Act or regulation assigned to his administration.

A wildlife protection officer may also seize anything where he has reasonable and probable grounds for believing that it may be used to prove that an offence against this Act or the regulations under it or any other Act or regulation assigned to his administration has been committed.

The wildlife protection officer is also responsible for the custody of the property seized and submitted in evidence, unless the judge to whom it was submitted in evidence decides otherwise.

A wildlife protection officer who seizes a vehicle, aircraft, boat or live animal, domestic animal, fish or invertebrate may entrust custody of it to a third party, on the conditions the officer and the third party agree on, or to the seized party, on the conditions the officer determines. The seized party must accept custody of the seized property.

The wildlife protection officer may return the property to the seized party or the owner rather than entrusting him with custody of it.

The person entrusted with custody of the seized property may not deteriorate or alienate it, on pain of a fine equivalent to the value of the seized property.

The third party may not be prosecuted for an act performed or omitted in good faith during custody.

1983, c. 39, s. 18; 1986, c. 109, s. 6; 1992, c. 61, s. 226; 1996, c. 18, s. 3; 1996, c. 62, s. 48; 2000, c. 48, s. 4, s. 36; 2009, c. 49, s. 43; 2021, c. 24, s. 11.

2021, c. 24, s. 11.

18.1. Where the property seized is perishable or likely to depreciate rapidly, the wildlife protection officer may dispose of it in the manner prescribed by regulation.

If he has disposed of such a property and, subsequently, it appears that there is no cause for confiscation, the wildlife protection officer shall, at the request of the person who is entitled thereto, pay to him the indemnity determined in accordance with the regulations as replacement of the property.

1992, c. 15, s. 3; 2000, c. 48, s. 36; 2009, c. 49, s. 43.

18.2. The owner of an animal, domestic animal, fish or invertebrate seized alive while in the custody of another person may apply to a judge of the Court of Québec or a presiding justice of the peace to have the animal, domestic animal, fish or invertebrate returned to him. At least three clear days' prior notice of the application must be served on the wildlife protection officer responsible for the custody of the animal, domestic animal, fish or invertebrate seized.

The application is heard and decided by preference and the judge or presiding justice of the peace rules on the application taking into consideration the conservation and development of wildlife, human health and safety, the health and safety of the animal, domestic animal, fish or invertebrate, and, if applicable, the costs incurred by the detention under seizure.

The seized property may be returned to the owner only on his payment of the care expenses. If no proceedings are instituted against him, he is reimbursed for the care expenses incurred by the seizure.

2021, c. 24, s. 12.

19. A wildlife protection officer shall, on request of the person having a right therein, return to that person property seized by him or which has been delivered to him by a wildlife protection assistant if no charge is laid in respect of the property within 120 days of the date of seizure.

The wildlife protection officer may apply for an extension of that time limit in accordance with article 133 of the Code of Penal Procedure (chapter C-25.1), with the necessary modifications.

1983, c. 39, s. 19; 1986, c. 109, s. 7; 1988, c. 39, s. 3; 1996, c. 62, s. 48; 2000, c. 48, s. 36; 2009, c. 49, s. 43; 2021, c. 24, s. 13.

20. Property seized by a wildlife protection officer or wildlife protection assistant, the owner of which is unknown, is confiscated 60 days from the date of seizure, and is disposed of in the manner prescribed by regulation.

An animal, domestic animal, fish or invertebrate is confiscated 10 days from the date of seizure if it is seized alive and the owner is unknown.

1983, c. 39, s. 20; 1996, c. 62, s. 48; 2000, c. 48, s. 36; 2009, c. 49, s. 43; 2021, c. 24, s. 14.

20.1. On the service of a statement of offence, the wildlife protection officer must apply to a judge of the Court of Québec or a presiding justice of the peace to have him order the confiscation of a live animal, domestic animal, fish or invertebrate that is still under seizure.

At least three clear days' prior notice of the application must be served on the seized party and all known owners, who may oppose the application.

The application is heard and decided by preference and the judge or presiding justice of the peace rules on the application taking into consideration the conservation and development of wildlife, human health and safety, the health and safety of the animal, domestic animal, fish or invertebrate, and, if applicable, the costs incurred by the detention under seizure.

If the judge or presiding justice of the peace refuses to order the confiscation, he may order that the animal, domestic animal, fish or invertebrate be sold, be returned to the seized party or the owner or be kept under seizure until the final judgment on the conditions the judge or justice of the peace determines.

If the judge or presiding justice of the peace orders that the animal be sold, the proceeds of the sale are remitted to the owner, after deduction of the care expenses incurred, if they are to be borne by him.

The property seized may be returned to the seized party or to the owner only on the latter's payment of the care expenses, if they are to be borne by him.

If a judge or presiding justice of the peace orders that the animal, domestic animal, fish or invertebrate be kept under seizure until the final judgment, he may order the seized party or the owner to pay an advance on future care expenses to the Minister in addition to the care expenses incurred as a result of the seizure, on the conditions the judge or justice of the peace determines.

2021, c. 24, s. 15.

20.2. Care expenses incurred as a result of the seizure of a live animal, domestic animal, fish or invertebrate are to be borne by the seized party or the owner against whom proceedings are instituted. The care expenses bear interest at the rate set under the first paragraph of section 28 of the Tax Administration Act (chapter A-6.002).

Care expenses include the costs incurred as a result of the seizure, in particular the costs incurred to provide shelter, veterinary care, treatment, medication, transportation and food, after deduction of the expenses borne by the seized party or the owner if he is given custody.

Within 30 days of the end of the period during which the animal, domestic animal, fish or invertebrate is kept under seizure, the Minister serves a statement of the care expenses on the seized party or the owner. Not later than 30 days after receiving the statement, the seized party or the owner may apply to a judge of the Court of Québec or a presiding justice of the peace to have him examine the statement and the expenses he is contesting, set the amount of care expenses and determine the conditions of payment.

Care expenses paid are reimbursed if no proceedings are instituted against the seized party or the owner, as applicable.

If the owner fails to comply with the conditions determined by the judge or presiding justice of the peace for payment of the advance or for payment of the care expenses, or if the owner fails to pay the care expenses

within 30 days of receiving the statement notified by the Minister, a wildlife protection officer may confiscate the animal, domestic animal, fish or invertebrate.

2021, c. 24, s. 15.

21. The owner of seized property, other than the owner referred to in the first paragraph of section 20.1 and who is not the defendant, may claim the ownership thereof during penal proceedings and thereafter until final judgment, by presenting to the judge a motion alleging the nature of his right in the property seized and proving his title of ownership.

The judge to whom the motion is referred may, on the conditions he determines, order the property returned to the claimant.

22. No person except a wildlife protection officer, a wildlife protection assistant or an area warden may wear or use a uniform or badge identifying him as such, nor use a vehicle with distinctive markings identifying it as a work vehicle used by a wildlife protection officer, wildlife protection assistant or area warden.

The first paragraph does not apply to a person authorized by the Minister to wear or use a uniform, badge or vehicle described therein.

1983, c. 39, s. 22; 1996, c. 62, s. 12; 1999, c. 36, s. 47; 2000, c. 48, s. 36; 2004, c. 11, s. 37; 2009, c. 49, s. 43.

The person referred to in the first paragraph may not be prosecuted for an act performed or omitted in good faith in the application of this section.

1983, c. 39, s. 23; 1996, c. 62, s. 13; 2000, c. 48, s. 36; 2009, c. 49, s. 43; 2021, c. 24, s. 17.

23.1. A veterinary surgeon or agrologist who has reasonable grounds to believe that an animal has been abused or mistreated or that it is, or has been, in distress must, as soon as possible, report it to the Minister and provide the Minister with the following information:

- (1) the name and address of the owner or custodian of the animal, as applicable; and
- (2) a description of the animal.

A veterinary surgeon or agrologist must inform the Minister of all cases where he suspects the presence of a contagious or parasitic disease, infectious agent or syndrome in an animal, fish or invertebrate that is a

serious risk to the conservation of wildlife or its habitat or to human health. In addition to the information set out in the first paragraph, the veterinary surgeon or agrologist must provide the Minister with the identification of the disease, infectious agent or syndrome.

This section applies even with regard to information protected by professional secrecy and despite any other provision relating to the concerned person's duty to maintain confidentiality. 86.2. Where a part of the lands in the domain of the State is contemplated in an outfitter's licence although the licence holder does not hold a lease of exclusive hunting or fishing rights and where that part of the lands in the domain of the State is subsequently delimited in accordance with section 85, the Minister shall

- (1) revoke the licence if a lease of exclusive rights is granted to a person other than the licence holder;
- (2) amend the licence if the designation of the lands in the domain of the State affects only part of the territory contemplated in the licence.

The provisions of this division in respect of the acquisition of buildings and structures situated on the territory identified in the lease apply, adapted as required.

88. The lessee of exclusive hunting, fishing or trapping rights may, in view of the increased utilization of wildlife resources and with the Minister's written authorization, erect buildings and structures on the land assigned to him without being required to comply with the provisions of the Act respecting the lands in the domain of the State (chapter T-8.1) concerning leases or occupation licences for land in the domain of the State.

The lessee has a right of occupation on the land where the buildings and structures are erected, for the term of the lease.

89. Where the Minister repeals, amends or replaces the instrument delimiting areas of land in the domain of the State, the Minister must revoke or amend the lease of exclusive hunting, fishing or trapping rights for the territory contemplated by the repeal, amendment or replacement.

90. The Minister may, if necessary, amend, revoke or refuse to transfer or renew a lease of exclusive hunting, fishing or trapping rights if

- (1) the lessee has failed to comply with the conditions of his lease;
- (2) the lease was obtained pursuant to a fraudulent declaration.

1983, c. 39, s. 90; 1996, c. 62, s. 22; 1999, c. 36, s. 77; 2004, c. 11, s. 37; 2021, c. 24, s. 41.

90.1. The Minister may, if necessary, amend, revoke or refuse to issue, transfer or renew a lease of exclusive hunting, fishing or trapping rights if the lessee or a person wishing to become a lessee, or any of his or its shareholders, officers or directors was found guilty, in the last three years, of an offence under a provision of section 12, the third and fifth paragraphs of section 13.1, sections 26 to 28, 30 to 32, 34 and 38 to 41, the third paragraph of section 47, sections 49, 50, 52 and 53, the first paragraph of sections 55 and 56, sections 57, 59, 60, 67 and 68, the first paragraph of sections 69 and 70, the second paragraph of section 70.1 and sections 71, 96 and 128.6, or of a regulation made under the third paragraph of section 56.

2021, c. 24, s. 42.

91. Upon the revocation of a lease under section 89 or the non-renewal of a lease by the Minister for reasons other than those provided in section 93, the Minister shall

(1) compensate the lessee, if no other lease has been granted elsewhere to the satisfaction of both parties, in consideration of, in particular, his loss of revenue derived from the exercise of his rights under the lease; and

(2) acquire the buildings and structures situated in the territory identified in the lease by paying to the lessee who owns them an amount equivalent to their real value or compensate the lessee in consideration of the decrease in value of the buildings and structures.

Upon the amendment of a lease under section 89, the Minister shall acquire the buildings and structures situated in the territory identified in the lease and affected by the amendment by paying to the lessee who owns them an amount equivalent to their real value or compensate the lessee in consideration of the decrease in value of the buildings and structures.

However, if the exclusive hunting, fishing or trapping rights under the lease not being renewed by the Minister for reasons other than those provided in section 93 are granted to a new lessee, the new lessee has an obligation to acquire the buildings and structures for an amount equivalent to their real value and in no case may he exercise his rights under the lease until he becomes their owner.

1983, c. 39, s. 91; 1996, c. 62, s. 23; 1999, c. 36, s. 78; 2004, c. 11, s. 37.

92. Upon the revocation or amendment of a lease under section 89, if the Minister compensates the lessee in consideration of the decrease in value of the buildings and structures, the lessee shall, within one year of the date of compensation, remove the buildings situated in the territory identified in the lease and affected by the revocation or amendment, or obtain from the Minister, the right to continue to occupy the land concerned under the Act respecting the lands in the domain of the State (chapter T-8.1).

1983, c. 39, s. 92; 1994, c. 13, s. 15; 1996, c. 62, s. 24; 1999, c. 36, s. 79; 2003, c. 8, s. 6; 2004, c. 11, s. 14.

93. Upon the revocation or non-renewal of a lease pursuant to section 90 or 90.1, or where the lessee has, before the expiry of his lease, indicated to the Minister his intention not to renew it, every new lessee has an obligation to acquire the buildings and structures situated in the territory described in the lease by paying to the owner of the buildings and structures an amount equivalent to their real value.

The lessee whose lease is revoked or not renewed retains his right of occupation only until a new lessee is designated or until the instrument delimiting the area of land in the domain of the State is repealed, amended or replaced so as to exclude the land where the buildings owned by him are situated.

No new lessee may exercise the rights conferred by his lease until he becomes the owner of the buildings and structures contemplated in the first paragraph.

1983, c. 39, s. 93; 1986, c. 109, s. 19; 1987, c. 23, s. 76; 1998, c. 29, s. 16; 1999, c. 40, s. 85; 1999, c. 36, s. 80; 2004, c. 11, s. 37; I.N. 2016-01-01 (NCCP); 2021, c. 24, s. 43.

94. If a difference of opinion arises between the new lessee and the former lessee or between the Minister and the former lessee on the real value of the buildings and structures contemplated in sections 91 and 93, the Minister shall appoint an assessor agreed by the parties; the assessment of the appointed assessor is without appeal.

The costs incurred for the assessment are assumed equally by both parties.

1983, c. 39, s. 94; 1999, c. 36, s. 81; 2004, c. 11, s. 37.

95. In the case of a lease where only exclusive trapping rights are granted, the provisions concerning the purchase of the buildings contemplated in subparagraph 2 of the first paragraph of section 91 and in section 93 do not apply if the real value of the buildings owned by the former lessee is higher than the maximum value determined by regulation and if the former lessee refuses to sell them for a price equivalent to that maximum value.

Where the Minister or the new lessee does not acquire the buildings, the lessee whose lease is revoked or not renewed shall, within one year of the date of revocation or non-renewal of the lease, demolish or remove them, failing which the Minister may cause them to be removed or demolished at the expense of the lessee.

1983, c. 39, s. 95; 1986, c. 109, s. 20; 1999, c. 36, s. 82; 2004, c. 11, s. 37.

96. No person may, except with the lessee's authorization, carry on an activity for which exclusive rights have been granted on any land on which exclusive hunting, fishing or trapping rights have been granted.

1983, c. 39, s. 96.

97. The Government may, by regulation, determine

- (1) classes of leases of exclusive hunting, fishing or trapping rights;
- (2) for each class of lease, the conditions for obtaining, transferring and renewing a lease, the term of a lease and the method of computing and conditions of payment of the annual rent for a lease;
- (3) the standards and conditions the lessee must observe regarding the construction and location of buildings and structures and the maximum value of such improvements or structures;
- (4) the types or categories of buildings and structures that are not subject to compensation or purchase under this division;
- (5) the criteria for fixing the amount of compensation payable under this division;

(6) the territories in which exclusive hunting, fishing and trapping rights have been leased and, where the practice of and access to recreational activities are controlled, the control period and the obligations of the lessee;

(7) the conditions to be observed by a person who carries on, in the territories contemplated in paragraph 6, a recreational activity other than the activities for which exclusive rights have been leased or enters such territories for the purpose of carrying on such an activity.

DIVISION III

CONTROLLED ZONES

1988, c. 39, s. 41.

104. The Minister may establish controlled zones on land in the domain of the State for the development, harvesting and conservation of wildlife or a species of wildlife and for the carrying on of recreational activities incidental thereto.

The Minister may also include in a controlled zone any private land subject to agreement between the owner, including a municipality or a metropolitan community, and the Minister.

The areas may be designated by the initials “Z.E.C.” (zone d’exploitation contrôlée) or by the acronym “ZEC”, in upper case or lower case letters.

Where an agreement is entered into under the second paragraph, it binds the owner and his successors for the term indicated therein, including the renewal period, if any; a certified copy of the agreement, accompanied with a copy of the order establishing the controlled zone, must be filed at the Land Registry Office for registration of the prescribed particulars in the land register.

An order made by the Minister under this section shall be published in the *Gazette officielle du Québec*, together with a plan of the controlled zone delimited, and comes into force on the date of its publication or on any later date indicated therein.

1983, c. 39, s. 104; 1986, c. 109, s. 22; 1987, c. 23, s. 76; 1988, c. 39, s. 41; 1996, c. 62, s. 25; 1998, c. 29, s. 17; 1999, c. 40, s. 85; 2000, c. 48, s. 16; 2000, c. 56, s. 218; 2000, c. 42, s. 148; 2003, c. 8, s. 6; 2004, c. 11, s. 15; 2021, c. 24, s. 44; 2020, c. 17, s. 73.

104.1. Where land in the domain of the State that is situated in a controlled zone is sold or transferred, it continues to form part of the controlled zone for the purposes of the regulations under sections 106, 110, 110.1 and 110.2 and the Minister need not make an agreement to that end with the purchaser or his successors.

The first paragraph does not operate to allow users access to the land or leave to carry on an activity on the land without the owner’s consent.

1996, c. 62, s. 26; 1999, c. 40, s. 85.

105. In no case may the expression “controlled zone”, the initials “Z.E.C.” or the acronym “ZEC”, in upper case or lower case letters, be used to designate any immovable, undertaking or organization without the written authorization of the Minister.

1983, c. 39, s. 105; 1988, c. 39, s. 41; 1999, c. 36, s. 84; 2004, c. 11, s. 37; 2021, c. 24, s. 45.

106. The Minister may, by a memorandum of agreement, entrust all or part of the management of a controlled zone to an agency. The agency’s internal by-laws must be adopted in compliance with the memorandum of agreement, the policies and directives set out for it by the Minister and the following principles:

- (1) encourage equitable access to the territory;
- (2) ensure citizen participation;
- (3) encourage the conservation of wildlife and its habitat; and
- (4) encourage the controlled zone’s self-financing.

The memorandum of agreement may include a recreational activity development plan specifying, among other things, the recreational activities to be offered and the fees, which may vary, applicable to each activity.

Where a memorandum of agreement is cancelled, the Minister may continue to apply the by-laws passed by an agency that is a party to the memorandum of agreement in accordance with section 110.1 or, without any formality, amend or replace them. The Minister may also use the fees collected from users to travel about the territory or to carry on any activity for purposes of management of the controlled zone.

1983, c. 39, s. 106; 1988, c. 39, s. 10, s. 41; 1999, c. 36, s. 85; 2004, c. 11, s. 37, s. 38; 2021, c. 24, s. 46.

106.0.0.1. The internal by-laws of an agency that is a party to a memorandum of agreement and any amendments to them must be submitted to the Minister for approval before being ratified by the agency's members.

The Minister may approve the internal by-laws with or without amendment.

The internal by-laws or amendments to them may be ratified as of the date the agency receives a notice of approval from the Minister or, failing such a notice, 30 days after the by-laws were sent to the Minister.

2021, c. 24, s. 47.

106.0.0.2. If the Minister is of the opinion that the agency responsible for managing a controlled zone is acting in such a way or tolerating a situation that constitutes a serious breach of the memorandum of agreement, policies, directives or principles referred to in section 106, the Minister may order the agency to cease such conduct and remedy the situation within the time period the Minister indicates.

The order issued by the Minister shall set forth the reasons on which it is based.

For the purposes of the first paragraph, repeated failure to comply with the memorandum of agreement, policies, directives or principles referred to in section 106 may, in particular, constitute a serious breach.

2021, c. 24, s. 47.

106.0.0.3. If the agency fails to remedy the situation within the time period indicated in the order issued under section 106.0.0.2, the Minister may designate a person to assume the provisional administration of the agency for a period of not more than 90 days.

Before appointing a provisional administrator, the Minister must give the agency concerned the opportunity to submit its observations.

2021, c. 24, s. 47.

106.0.0.4. If the agency is placed under provisional administration, the powers of the members of the board of directors are suspended and the person designated by the Minister shall exercise all the powers of the board of directors.

2021, c. 24, s. 47.

106.0.0.5. Before the provisional administrator's term expires, the provisional administrator must file a report with the Minister, within the time period the latter determines, setting out findings and recommendations. The report must contain all the information required by the Minister.

2021, c. 24, s. 47.

106.0.0.6. On receiving the provisional administrator's report, the Minister must send a copy to the agency's board of directors and allow it at least 10 days to submit its observations.

2021, c. 24, s. 47.

106.0.0.7. After examining the provisional administrator's report and the agency's observations, the Minister may, if the Minister considers it warranted in order to remedy a situation referred to in section 106.0.0.2 or avoid the recurrence of such a situation,

(1) extend the provisional administration for a period of not more than 90 days or terminate the provisional administration subject to conditions determined by the Minister; or

(2) remove the members of the board of directors from office.

Any extension of the provisional administration may be renewed by the Minister for the same reasons, provided each renewal does not exceed 90 days.

A director who has been removed from office under subparagraph 2 of the first paragraph may not sit as a board member of the agency for a period of five years following the Minister's declaration.

2021, c. 24, s. 47.

106.0.0.8. If the provisional administrator's report does not confirm the existence of a situation referred to in section 106.0.0.2, the Minister must terminate the provisional administration without delay.

2021, c. 24, s. 47.

106.0.0.9. Any decision of the Minister must give reasons and be forwarded promptly to the members of the board of directors.

2021, c. 24, s. 47.

106.0.0.10. On termination of the provisional administration, the provisional administrator must render a final account to the Minister. The account must be sufficiently detailed to allow verification of its accuracy and be submitted with the related books and vouchers.

2021, c. 24, s. 47.

106.0.0.11. The costs, fees and expenses of the provisional administration shall be borne by the agency, unless the Minister decides otherwise.

2021, c. 24, s. 47.

106.0.0.12. A provisional administrator exercising the powers and duties conferred under sections 106.0.0.2 to 106.0.0.11 may not be prosecuted for an act performed or omitted in good faith in the exercise of those powers and duties.

2021, c. 24, s. 47.

106.0.1. Fees may be charged by an agency that is a party to a memorandum of agreement for the carrying on of recreational activities in the territory of a controlled zone, provided that a recreational activity development plan stipulating the amount of those fees is included in the memorandum of agreement.

2000, c. 48, s. 17; 2004, c. 11, s. 37; 2021, c. 24, s. 48.

106.0.2. *(Repealed).*

2000, c. 48, s. 17; 2003, c. 8, s. 6; 2004, c. 11, s. 16; 2009, c. 49, s. 17; I.N. 2016-01-01 (NCCP); 2021, c. 24, s. 49.

106.0.3. The fees referred to in section 106.0.1 must be posted up at the place where users register and a copy must be given on request to any user carrying on a recreational activity in the controlled zone.

2000, c. 48, s. 17; 2021, c. 24, s. 50.

106.0.4. The fixing of fees under section 106.0.1 by an agency that is a party to a memorandum of agreement is not subject to the Regulations Act (chapter R-18.1).

2000, c. 48, s. 17.

106.1. The fees collected from users to travel about the territory or to carry on any activity by any agency that is a party to the memorandum of agreement shall devolve to the agency and shall, subject to section 106.6, be used for purposes of management of the controlled zone.

1988, c. 39, s. 11; 1988, c. 39, s. 41; 1997, c. 95, s. 3.

106.2. An agency that is a party to a memorandum of agreement may, jointly with an outfitter, another agency that is a party to a memorandum of agreement or a recreational association, fix an amount to be paid annually by the outfitter, agency or association as fees for persons who must travel through the territory of the controlled zone to get to the territory of the outfitting operation or of another controlled zone, or who must travel through the territory of the controlled zone to engage in an activity as members of the recreational association.

1988, c. 39, s. 11; 1988, c. 39, s. 41; 1996, c. 62, s. 27.

106.3. The Minister may, on the conditions determined by the Minister, certify a non-profit legal person to act as the representative of all the agencies that are parties to a memorandum of agreement, or of all such agencies that manage a controlled zone belonging to one or more classes of zones defined by regulation and specified by the Minister.

1997, c. 95, s. 4.

106.4. The functions of a legal person certified under section 106.3 shall consist in

(1) consulting the agencies that are parties to the memorandum of agreement and on whose behalf the legal person acts as the representative;

(2) promoting consultation among the agencies;

(3) exercising any other function or carrying out any other mandate, at the Minister's request, that is useful for fulfilling its role of representative.

1997, c. 95, s. 4; 2021, c. 24, s. 51.

106.5. In order to be certified by the Minister, a non-profit legal person must have a membership comprising at least 50% plus one of all the agencies that are parties to a memorandum of agreement, or of all such agencies that manage a controlled zone belonging to one or more classes of zones defined by regulation, as the case may be.

The Minister shall publish notice of the certification in the *Gazette officielle du Québec*. The certification takes effect from the date of publication.

1997, c. 95, s. 4.

106.6. Every agency that is a party to a memorandum of agreement and on whose behalf a legal person certified by the Minister acts as the representative must pay to the legal person a part of the fees that devolve to the agency under this Act as a contribution toward the financing of the legal person.

The Government shall determine by regulation the part of the fees to be paid and the terms and conditions of payment.

1997, c. 95, s. 4; 2021, c. 24, s. 52.

106.7. The Minister shall send a copy of the notice of certification to each agency that is a party to a memorandum of agreement and on whose behalf the legal person is to act as the representative, in which the Minister shall indicate the part of the fees to be paid under section 106.6 and the terms and conditions of payment.

1997, c. 95, s. 4.

106.8. The legal person certified by the Minister must, each year, within four months after the end of its fiscal year, send a report to the Minister on its activities together with a financial statement audited by an accountant. The annual report must also contain any other information required by the Minister.

1997, c. 95, s. 4; 2021, c. 24, s. 53.

106.9. The Minister may cancel the certification of a legal person if

- (1) membership in the legal person falls below the number required for certification; or
- (2) the legal person fails to comply with the conditions prescribed by the Minister at the time of certification or does not fulfil the obligations set out in section 106.8.

The Minister shall publish notice of the cancellation in the *Gazette officielle du Québec*; the cancellation takes effect on the date of publication.

The Minister shall send a copy of the notice of cancellation to each agency on whose behalf the legal person acted as the representative.

1997, c. 95, s. 4.

106.10. The Minister shall, before 1 June 2022, and subsequently every three years, report to the Government on the application of sections 106.3 to 106.9.

The report shall be tabled in the National Assembly by the Minister within 15 days if the Assembly is sitting or, if it is not sitting, within 15 days after resumption.

1997, c. 95, s. 4; 2021, c. 24, s. 54.

107. The Minister may, if the Minister considers it appropriate and on the conditions the Minister determines, make improvements or erect structures that are useful for the management of a controlled zone or authorize an agency that is a party to a memorandum of agreement to do so.

The Minister may acquire improvements or constructions that are useful for the management of a controlled zone or authorize, on the conditions the Minister determines, an agency managing a controlled zone that is a party to a memorandum of agreement to acquire improvements or constructions.

The Minister may also, on the conditions the Minister determines, transfer the ownership of improvements or constructions to an agency managing a controlled zone that is a party to a memorandum of agreement.

If the improvement or construction is located on land in the domain of the State without being in a controlled zone, the Minister must obtain the authorization of the minister or body that has authority over the land.

109. No person may organize activities or provide services for profit or operate a commercial undertaking in a controlled zone with a view to the development or utilization of wildlife or for the purposes of recreational activities without the authorization of the Minister or without complying with the conditions of such authorization.

The Minister shall authorize the organization of activities or the provision of services for profit or the operation of a commercial undertaking, for a purpose referred to in the first paragraph, on the conditions the Minister determines in a contract with the person, association or agency concerned; the Minister may refuse an authorization, in particular if an activity, service or commercial undertaking already forms part of a recreational activity development plan.

DIVISION IV

WILDLIFE SANCTUARIES

1988, c. 39, s. 41.

111. After consultation with the minister responsible for natural resources, the Minister may establish wildlife sanctuaries on lands in the domain of the State and dedicate them to the conservation, development and utilization of wildlife and to the carrying on of recreational activities incidental thereto.

The Minister may include in a wildlife sanctuary any private land subject to an agreement between the owner, including a municipality or a metropolitan community, and the Minister.

Where an agreement is entered into under the second paragraph, it binds the owner and his successors for the term indicated therein, including the renewal period, if any; a certified copy of the agreement, accompanied with a copy of the order establishing the wildlife sanctuary, must be filed at the Land Registry Office for registration of the prescribed particulars in the land register.

An order made by the Minister under this section shall be published in the *Gazette officielle du Québec*, together with a plan of the wildlife sanctuary delimited, and comes into force on the date of its publication or on any later date indicated therein.

111.1. Where land in the domain of the State that is situated in a wildlife sanctuary is sold or transferred, it continues to form part of the wildlife sanctuary for the purposes of a ministerial order under section 120.1 and the regulations under section 121, and the Minister need not make an agreement to that effect with the purchaser or his successors.

The first paragraph does not operate to allow users access to the land or leave to carry on an activity on the land without the owner's consent.

1996, c. 62, s. 29; 1999, c. 40, s. 85.

112. In no case may the expression “wildlife sanctuary” be used to designate any immovable, undertaking or organization without the written authorization of the Minister.

1983, c. 39, s. 117; 1998, c. 29, s. 19.

118. The Minister may, if the Minister considers it appropriate and on the conditions the Minister determines, make improvements or erect structures that are useful for the management of a wildlife sanctuary or authorize, on the conditions the Minister determines in a contract, the person, association or body concerned to do so.

The Minister may also, in the same manner, authorize them to organize activities, provide services for profit or operate a commercial undertaking with a view to the development or utilization of wildlife or for the purposes of recreational activities in a wildlife sanctuary. The Minister may, to that end, acquire

improvements or constructions or authorize, on the conditions the Minister determines, the person, association or body to acquire improvements or constructions. The Minister may also, and on the conditions the Minister determines, transfer to such person, association or body the ownership of improvements or constructions.

If the improvement or construction is located on land in the domain of the State without being in a wildlife sanctuary, the Minister must obtain the authorization of the minister or body that has authority over the land.

The contract may provide that the fees collected to travel about the territory or to carry on any activity shall devolve upon the other contracting party.

118.0.1. Subject to the rights and authorizations granted to a third party by the Minister, the Société may make improvements or erect structures on a wildlife reserve. It may likewise organize activities or provide services for profit or operate a commercial undertaking for the development or utilization of wildlife or for recreational activities.

The fees collected for travelling about the territory or carrying on any activity devolve to the Société.

2004, c. 11, s. 19; 2009, c. 49, s. 23.

118.1. A person, association or body referred to in section 118 may fix the amount of fees payable for the carrying on of recreational activities in the territory of a wildlife sanctuary. In such a case, the second paragraph of section 106 and sections 106.0.1 to 106.0.4 apply with the necessary modifications.

The Société may set the amount of the fees payable for the carrying on of recreational activities in the territory of a wildlife sanctuary, provided the Société first has a recreational activity development plan complying with the directives of the Minister approved by the Minister. The plan must include a list of the recreational activities to be offered and the fees, which may vary, applicable to each activity.

The Minister may approve the plan with or without amendment, for such time as the Minister determines. Any amendment to the fees prescribed in the plan must be approved by the Minister.

Sections 106.0.3 and 106.0.4 apply, with the necessary modifications, to the fees prescribed in the Société's recreational activity development plan.

2000, c. 48, s. 23; 2004, c. 11, s. 20; 2021, c. 24, s. 61.

120. No person except the Société may organize activities or provide services for profit or operate a commercial undertaking in a wildlife sanctuary with a view to the development or utilization of wildlife or for the purposes of recreational activities without being authorized by a contract with the Minister or without complying with the conditions of such authorization.

The Minister may refuse an authorization in particular if the organization of an activity, the provision of a service or the operation of an undertaking already forms part of a development plan approved by the Minister under this Act.

1983, c. 39, s. 120; 1988, c. 39, s. 41; 1999, c. 36, s. 94; 2000, c. 48, s. 24; 2004, c. 11, s. 22.

(7) allow the Société or any body that is party to a contract referred to in section 118 or 120 to exercise all or some of the regulatory powers provided for in subparagraphs 1 to 3 and subparagraphs 5 and 6, on the conditions it determines.

The fees payable that may be set under this section may vary according to the category of persons or class of licence, a person's age, the activity being carried on, the wildlife species being hunted or fished, the length of stay, the sector or place where the recreational, hunting or fishing activity is carried on, and the period or date of the activity.

121.2 must be posted near the place where users register and a copy must be given, on request, to each user who practises an activity in a wildlife sanctuary.

2009, c. 49, s. 25.

DIVISION V

WILDLIFE PRESERVES

1988, c. 39, s. 41.

122. The Minister may establish on lands in the domain of the State, on private lands or on both a wildlife preserve in respect of which the conditions governing the use of the resources and the carrying on of recreational activities incidental thereto are fixed with a view to preserving the wildlife habitat or the habitat of a species of wildlife.

Notwithstanding the first paragraph, where the Minister wishes to include private land in a wildlife preserve, the Minister shall first enter into an agreement to that effect with the owner, including a municipality or a metropolitan community.

Where an agreement is entered into under the second paragraph, it binds the owner and his successors for the term indicated therein, including the renewal period, if any; a certified copy of the agreement, accompanied with a copy of the order establishing the wildlife preserve, must be filed at the Land Registry Office for registration of the prescribed particulars in the land register.

The Minister may attach such conditions to the authorization as the Minister determines, in particular the requirement that the applicant furnish security or pay financial compensation that corresponds to the sums necessary for the conservation, management and development of a replacement habitat in accordance with the regulations.

Before issuing an authorization, the Minister shall take into account, in particular but not exclusively, the physical features of the area, the nature of the proposed activities, the economic and social consequences of the proposed activities, the impact of the activity on the conservation of the wildlife and its habitat, the use of the habitat by a threatened or vulnerable species of animal, fish or invertebrate and the possibility of substituting another habitat. The Minister may issue a general authorization, for such activities, on such conditions and for such time as he determines, to another minister, a public body or a municipality with regard to carrying on activities in wildlife habitats that cause limited damage to those habitats. The Minister may, in particular, require financial compensation corresponding to the sums necessary for the conservation, management and development of a habitat to replace the altered habitat and established in accordance with the elements, scales and methods determined by regulation.

Before issuing a general authorization, the Minister shall take into account the elements set out in the third paragraph of section 128.7.

1988, c. 24, s. 5; 2021, c. 24, s. 73.

128.9. The Government, upon the advice of the Minister and after a public hearing by the Minister or his representative, may, on such conditions as it determines, authorize the carrying on of an activity that alters a wildlife habitat if it considers that the consequences of not carrying on or of abandoning the activity would be more harmful to the public than the alteration of the wildlife habitat concerned.

1988, c. 24, s. 5; 1999, c. 36, s. 110; 2004, c. 11, s. 31.

128.14. Before denying, suspending or revoking an authorization or confiscating security, the Minister shall notify the applicant or holder in writing as prescribed by section 5 of the Act respecting administrative justice (chapter J-3) and allow the applicant or holder at least 10 days to present observations.

128.15. The Minister may make an order on ascertaining that an activity that may result in serious or irreparable damage to a wildlife habitat

- (1) has begun or is about to begin without authorization;
- (2) violates the conditions attached to the authorization;
- (3) violates the standards or conditions of management prescribed by regulation.

The order shall require the person concerned to suspend the activity until he obtains the required authorization or, as the case may be, to observe the conditions attached to the authorization or the standards or conditions of management prescribed by regulation.

The order must give the reasons on which it is based; it comes into force on the date of its notification.

A person to whom such an order is notified without prior notice because, in the opinion of the Minister, urgent action is required or there is a danger of irreparable damage being caused, may, within the time specified in the order, present observations so that the order may be reviewed by the Minister.

Where a person to whom an order is made refuses or neglects to follow it, the Minister may, in addition to any other remedy, apply to the Superior Court for an injunction ordering the person to comply with the order.

CHAPTER VI.1

PILOT PROJECTS

2021, c. 24, s. 80.

164.1. The Minister may, by order, authorize pilot projects designed to experiment or innovate in the area of management, oversight, protection, conservation or development of wildlife or its habitat or to study, improve or define standards applicable to those areas.

The Minister may also, within the scope of such pilot projects, authorize any person or body to offer or conduct wildlife and wildlife habitat management, oversight, protection, conservation or development activities in compliance with standards and rules prescribed by the Minister that differ from those set out in any Act or regulation whose administration falls under the Minister's responsibility.

Such pilot projects shall be conducted for a period of up to four years, which the Minister may extend by up to one year. The Minister may modify or terminate a pilot project at any time. The Minister may also determine the provisions of a pilot project whose violation constitutes an offence and determine the minimum and maximum amounts for which the offender is liable, which may not be less than \$500 nor more than \$3,000.

The results of a pilot project shall be published on the department's website not later than one year after the end of the pilot project.

2021, c. 24, s. 80.

CHAPTER VI.2

POWERS AND ORDERS

2021, c. 24, s. 80.

164.2. If there is a real or apprehended threat of serious or irreversible damage or injury to wildlife or its habitat or to human health or safety, the Minister may, by order, for a period of not more than 60 days in the area or zone where it is necessary in order to avoid, limit or repair that damage or injury, prohibit or authorize under the conditions that he determines all hunting and trapping activities as well as the possession, transportation, registration and disposal of an animal, fish, invertebrate or wildlife by-product.

The order comes into force on the date of its publication in the *Gazette officielle du Québec*, or on any later date indicated therein.

Such an order is not subject to the publication requirement set out in section 8 of the Regulations Act (chapter R-18.1).

2021, c. 24, s. 80.

164.3. If there is a real or apprehended threat of serious or irreversible damage or injury to wildlife or its habitat or to human health or safety, the Minister is authorized to take all necessary measures to limit the propagation of an invasive exotic species, a contagious or parasitic disease, an infectious agent or a syndrome if, in his opinion, these measures are required to avoid or reduce any adverse effects on wildlife or its habitat or on human health or safety.

The Minister may claim the direct and indirect costs related to these measures from a person who had custody or control of the animal, fish, invertebrate or wildlife by-product or custody of the premises where the animal, fish, invertebrate or wildlife by-product is found or could be found, regardless of whether proceedings were instituted against that person for an offence under this Act.

2021, c. 24, s. 80.

164.4. If there is a real or apprehended threat of serious and irreversible damage or injury to wildlife or its habitat or to human health or safety, the Minister may, for a period of not more than 90 days, order the owner of an animal, fish or invertebrate, the person having custody or possession of the animal, fish or invertebrate or the owner of movable or immovable property that poses such a threat to:

- (1) cease an activity or take specific safety measures if the activity is a source of threat;
- (2) isolate, treat, kill or destroy the animal, fish, invertebrate or wildlife by-product, in the manner the Minister indicates, if it is or could be a source of threat; and
- (3) take any measure that the Minister considers necessary to prevent a greater threat or to avoid or reduce the effects of or eliminate this threat.

Before issuing an order against a person, the Minister shall notify the notice prescribed by section 5 of the Act respecting administrative justice (chapter J-3) to him and give him at least 15 days to submit his observations. The Minister may, however, if urgent action is required, issue an order without being bound by those prior obligations. In that case, the person may, within the time period indicated, submit his observations with a view to obtaining a review of the order.

A judge of the Superior Court may reduce the order's effective period or cancel the order, on application by an interested person.

On application by the Minister, a judge of that Court may order the person to comply with the order. The judge may also extend the order, make it permanent or make any other amendment to it that appears reasonable to him in the circumstances.

Any order issued to the owner of immovable property must be registered against the property in the land register.

2021, c. 24, s. 80.

164.5. An application to a judge under section 164.4 shall be made according to the rules applicable to contentious proceedings under the Code of Civil Procedure (chapter C-25.01).

Applications made by the Minister must be notified to the person or persons they concern, but the judge may waive that requirement if he considers that the delay resulting therefrom could unnecessarily imperil wildlife or its habitat or human health or safety.

All orders issued must be notified to the person concerned and may be executed by a peace officer.

Applications are decided by preference and orders issued are enforceable despite an appeal.

A judge of the Court of Appeal may, however, suspend the execution of an order if the judge considers it necessary in the interests of justice.

2021, c. 24, s. 80.

164.6. The Minister may claim the direct and indirect costs related to issuing the order from any person concerned by an order made under section 164.4.

If the order is contested before the Superior Court, the claim is suspended until the Court confirms all or part of the order.

2021, c. 24, s. 80.

164.7. In the case of non-compliance with an order, the Minister may require the order to be executed at the offender's expense.

The costs and resulting interest constitute a prior claim on any private immovable concerned of the same nature and with the same rank as the claims referred to in paragraph 5 of article 2651 of the Civil Code.

Articles 2654.1 and 2655 of the Civil Code apply to such a claim, with the necessary modifications.

2021, c. 24, s. 80.

171.0.1. Despite section 171, the Government or the Minister, as the case may be, may set the minimum and maximum fines to which a person who contravenes a regulatory provision the Government or Minister

makes, whose violation constitutes an offence for which no penalty is specifically prescribed under this Act, is liable.

The maximum amounts set under the first paragraph may not exceed those prescribed in section 171.

2021, c. 24, s. 87.

Notwithstanding the second paragraph of sections 165, 167 and 171.2, if an offence has been committed in respect of a threatened or vulnerable species of animal or fish, the judge may, in addition to sentencing the offender to payment of a fine, sentence him to imprisonment for a term of not more than 18 months, despite article 231 of the Code of Penal Procedure (chapter C-25.1).

1986, c. 109, s. 38; 1989, c. 37, s. 55; 2021, c. 24, s. 88.

171.2. Every person who contravenes

(1) section 122.3 or 122.4 or fails to observe a condition for carrying on an activity or travelling about in a wildlife preserve prescribed by regulation under those sections on the terms provided for by an order made under section 122.5,

(2) the provisions of an order made under section 122.6,

(3) section 128.6 or an order made under section 128.15 or fails to comply with a condition attached to an authorization issued under section 128.7, 128.8 or 128.9 or a standard or condition of wildlife habitat management prescribed by regulation, or

(4) the provisions of an order made under section 164.2 or an order made under section 164.4,

is guilty of an offence and liable,

(1) in the case of a natural person, to a fine of not less than \$1,000 nor more than \$25,000 and, for a subsequent conviction within five years, to a fine of not less than \$3,000 nor more than \$75,000; and

(2) in any other case, to a fine of not less than \$2,000 nor more than \$50,000 and, for a subsequent conviction within five years, to a fine of not less than \$6,000 nor more than \$150,000.

In the case of a natural person, the judge may, in addition to sentencing the offender to payment of a fine, sentence him to imprisonment for a term of not more than one year, despite article 231 of the Code of Penal Procedure (chapter C-25.1).

1988, c. 24, s. 7; 1989, c. 37, s. 56; 1990, c. 4, s. 339; 2021, c. 24, s. 89.

171.3. The owner of private land on which a wildlife habitat demarcated on a chart prepared by the Minister is situated cannot be convicted of an offence under section 128.6 or for contravention of a standard or condition of wildlife habitat management prescribed by regulation unless he had prior notification of the existence of the habitat.

The Minister may request the registration, in the land register, of a reference to the existence of a wildlife habitat on the land. The request of the Minister is made by means of a notice filed at the Land Registry

Office; such notice shall be in lieu of a notice of the existence of a wildlife habitat on that land in respect of any person who becomes the owner thereof after the registration.

1988, c. 24, s. 7; 1996, c. 62, s. 45; 1999, c. 36, s. 119; 2000, c. 42, s. 151; 2004, c. 11, s. 37; 2020, c. 17, s. 73.

171.4. Every person who refuses or neglects to provide information required under this Act or the regulations to a person who may so require pursuant to this Act or the regulations is guilty of an offence and is liable to a fine of not less than \$500 nor more than \$1,500 and, for a subsequent offence within five years, to a fine of not less than \$1,500 nor more than \$4,500.

Every person who provides information required under this Act or the regulations, with the knowledge that it is false or misleading, to a person other than a person referred to in section 12 and who is authorized to require it is guilty of an offence and is liable to the fine set out in the first paragraph.

1988, c. 24, s. 7; 1990, c. 4, s. 340; 1996, c. 62, s. 46; 2021, c. 24, s. 90.

171.5. Where an offender has been convicted of an offence described in subparagraph 3 of the first paragraph of section 171.2 and the judge has not exercised the power to make an order under section 171.5.1, the Minister may, at the expense of the offender, particularly, but not exclusively, by confiscating the security furnished by the holder of an authorization, take the necessary measures to return the wildlife habitat to its condition before the offending act.

The Minister may claim the expenses for the measures from the offender in the same manner as any debt due to the Government.

1988, c. 24, s. 7; 1999, c. 36, s. 120; 2004, c. 11, s. 37; 2009, c. 49, s. 37; 2021, c. 24, s. 91.

171.5.1. Where an offender has been convicted of an offence described in paragraph 3 of the first paragraph of section 171.2, the judge may, provided an application for an order has been made in the offender's presence or the offender has been given prior notice by the prosecutor, order that the offender, at the offender's expense and within a specified time, take the measures necessary to restore the premises to the state they were in prior to the offence or, if applicable, to bring the work carried out into line with the regulatory requirements. The judge may also order the seizure of security furnished under section 128.7 by the holder of an authorization, until the order has been executed to the Minister's satisfaction.

If the offender fails to comply with an order referred to in the first paragraph, the Minister may, at the offender's expense, proceed with the restoration of the premises. To that end, any security furnished under section 128.7 is confiscated up to the amount of the costs occasioned by the restoration.

If the premises cannot be restored, the judge may, on an application by the prosecutor, order that an additional amount be paid to the Minister for the management, conservation or development of wildlife habitats. The additional amount must reflect the degree of degradation of the premises. The judge may also order the confiscation of any security furnished under section 128.7, up to the additional amount.

2009, c. 49, s. 38; 2021, c. 24, s. 92.

171.6. Penal proceedings for an offence under a provision of this Act may not be brought later than three years after the date the offence was committed, except an offence under the provisions of section 128.6 for which no penal proceedings may be brought later than three years after the date the offence was ascertained by a wildlife protection officer. In the latter case, no judicial proceedings may be instituted if more than seven years have elapsed since the date the offence was committed.

1992, c. 61, s. 230; 2009, c. 49, s. 39; 2021, c. 24, s. 93.

171.7. A municipality which is a party to a memorandum of agreement in accordance with section 128.16 may, in respect of activities provided for in the memorandum, institute proceedings for a violation of section 171.2 or 171.4, in which case the fine shall be paid to the municipal body.

1988, c. 24, s. 8; 1992, c. 61, s. 233; 2000, c. 56, s. 137.

CHAPTER VII.1

ADMINISTRATIVE PENALTIES

1992, c. 61, s. 231.

172. A conviction for an offence committed contrary to this Act or the regulations thereunder may entail, as the judge decides, the suspension of the offender's certificate or hunting or trapping licence or licence of another class or, as the case may be, a prohibition against applying therefor for a period of not more than 24 months from the date of conviction.

Prior notice of the application for suspension shall be given to the offender by the prosecutor, except where the parties are in the presence of the judge.

Notwithstanding the first paragraph, in the case of big game, any conviction for an offence committed against a provision of section 27, 27.1, 28, 30, 30.1, 30.2, 31, 32, 34, 38, 59, 60 or 71, the first paragraph of section 56, subparagraph 2 of section 57, the first paragraph of section 69 or of the regulations made under section 56 or under sections 61.1, 61.2 and 61.3, entails, *pleno jure*, the revocation of any certificate or hunting or trapping licence held by the offender or, as the case may be, a prohibition against applying therefor for a period of 24 months from the date of conviction.

In the case of a subsequent offence within five years of conviction for an offence under the same provision, the period of suspension, revocation or prohibition shall be twice the period provided in this section.

In the case of a third offence within five years of the first conviction for an offence under the same provision, the period of suspension, revocation or prohibition shall be three times the period provided in this section.
